HOSTED BY CPM

CHALMERS

VOLVO

ON THE SPOT FOR THE UNIVERSITY

“Chalmers – for a sustainable future”

“Chalmers leads the way regarding interaction between research, industry and the innovation process”

THEME

Perspectives on Managing Life Cycles:

- Local versus global perspectives in life cycle work
- Roles and responsibilities in product life cycles and value chains
- Conceptions of sustainable product life cycles and value chains

IMPORTANT DATES

Call for Sessions: September 2011

Deadline for Sessions: December 2011

Call for Papers: April 2012

Deadline for Abstracts: December 2012

OPPORTUNITIES FOR INDUSTRY

Life cycle management

– it's here and we are working with it

Strategies built on life cycle thinking:

- ✓ provide customers and consumers with sustainable solutions for products and services
- ✓ work with sustainable operations – production and supply chain

Internally: working across functions and organizational borders

Externally: academia – the needed science and exchange of experiences

Welcome to the 6th International Conference on Life Cycle Management

At the SETAC Europe annual conference in Seville in May 2010, it was decided that CPM will host the International Conference on Life Cycle Management in Gothenburg 2013, 25-28 August.

CPM – the Swedish Life Cycle Center – is a Life Cycle Management-platform at Chalmers University of Technology where industry, academy and government join forces in the ambition to reduce the environmental impact of current and future production and consumption systems.
